

Submission Date :	27/01/2023	Scientist Name :	jalpa nandasana
Journal Date :	27/01/2023	Team Leader Name :	Tarang Kaneria
Chemist :			
Catalogue No. :	SZ-V030011		
Project Name :	Vonoprazan		
Product Name :	Vonoprazan Impurity 6		
CAS No. :	881674-58-4		
Mole. Weight :	191.2		
Mole. Formula :	C11H10FNO		

Batch Code :	TEST-003	Quantity Submitted :	200
Ref. 1H/HPLC/MS Code :		1H Status :	NMR Pending
HPLC/GC/ELSD Date :	12/01/2023	Chromatography :	asd %
MS Analysis :	ESI	Type Of Compound :	Impurity
State Of Compound :	Light Pink	If Salt Mention the Name :	Salt
No Of Steps of Final Route :	23	Earlier Synthesized :	Yes

Temp Sensitive

Additional Analysis :	IR,Mass,HPLC/GC/ELSD,NM R,qNMR,TGA,CMR,DEPT,HR MS,ROI,CMR Interpretation,APCI Mass,NMR Interpretation,ChiralChr,COSY, CHNS,Stability Data,LCMS	Remark :	,
------------------------------	---	-----------------	---

Stability Related Comment :	Stability :
------------------------------------	--------------------

Physical State : Sticky Solid

Stability data in solution form after 7 days : Stable

Stability data in solid form after 7 days : Unstable

Any of last 3 step NMR done ? : No

Any of last 2 step crystallization done? : No

Purification By : Flash Chromatography
