

**YOUR KIDS DESERVE THE BEST EDUCATION**

## Welcome Speech

Dear All,

Greetings of the day,

We are glad to formally introduce ourselves as "Chanakya Coaching Centre". We are into the field of providing professional coaching and counseling to the pupils across various boards and standard to suffice their educational needs. We are in the service providing the aforesaid services since 2001 and since then we had been trendsetter in terms of providing the services at the doorstep of pupil (i.e. home coaching). The idea behind setting up the institute was to provide an option to the pupils who dare to demand services better than the best.

The core value imbibed in our DNA is teaching through innovative method making your learning experience a memorable one. Over here we are not only teaching you by conventional approach but also you are subjected to rigorous interactive session with our Audio-Visual aids. Elaborating the same, over here we are not just demonstrating the content via AV aids but also there is self-assessment test at end of each module which gives a deep insight to the pupil to introspect what they have learned.

Contrary to the established philosophy we not only provide the hard copied materials and assignments but also provide them with e-learning materials so as to create a keen sense of inquisitiveness which we consider is seed which will bear fruits of success. We welcome you to visit our institute to know the details because we live that "seeing is believing".

We are glad to let you know that we are in process of enrolling new pupils for the upcoming academic year.

Warm Regards,  
Mehul K. Vyas
