

Submission Date :	06/12/2022	Scientist Name :	jalpa nandasana
Journal Date :	22/12/2022	Team Leader Name :	Tarang Kaneria
Chemist :	avenger		
Catalogue No. :	SZ-V030011		
Project Name :	Vonoprazan		
Product Name :	Vonoprazan Impurity 6		
CAS No. :	881674-58-4		
Mole. Weight :	191.2		
Mole. Formula :	C11H10FNO		

Batch Code :	SRL-1122-7894	Quantity Submitted :	2500
Ref. 1H/HPLC/MS Code :		1H Status :	SER Pending
HPLC/GC/ELSD Date :	29/12/2022	Chromatography :	asd %
MS Analysis :	APCI	Type Of Compound :	Impurity
State Of Compound :	Off-White	If Salt Mention the Name :	Salt
No Of Steps of Final Route :	5	Earlier Synthesized :	Yes

Temp Sensitive Lacrymatory

Additional Analysis :	IR,Mass,HPLC/GC/ELSD,NM R,APCI Mass,NMR Interpretation	Remark :	, asdasd
------------------------------	--	-----------------	-------------

Stability Related Comment :	Stability :
------------------------------------	--------------------

Physical State : Sticky Solid

Stability data in solution form after 7 days : Stable

Stability data in solid form after 7 days : Unstable

Any of last 3 step NMR done ? : No

Any of last 2 step crystallization done? : No

Purification By : Flash Chromatography
